Petitioner believes that he/she is qualified for an Order of Deferred Prosecution (pursuant to RCW 10.05 *et seq.*) in the criminal matter arising out of the arrest on _____.

Petitioner provides the following evidence of his/her intent to seek a deferred prosecution:

(attach assessment report, preliminary Order on Deferred, fill in firm court date for presentation of deferred, or other evidence to the satisfaction of the hearing officer that the Petitioner is in fact qualified and seeking a deferred prosecution.) Petitioner intends to petition the court for an Order of Deferred Prosecution. Petitioner is aware of the time requirements for conducting hearing and agrees to waive the statutory sixty-day hearing requirement and requests that the Department stay its action, extend the petitioner's valid temporary license to a date 150 days from the date of arrest, and strike the hearing currently set for _____ with hearing officer, _____.

If the court enters an Order of Deferred Prosecution, or at the expiration of 150 days from the date of arrest, whichever occurs first, the petitioner waives his/her right to an administrative hearing.

If, for any reason, the Department of Licensing does not receive the DEFERRED PROSECUTION ORDER ABSTRACT OF COURT DOCKET from the court, the Department will set a new hearing date ONLY if the petitioner requests a hearing by contacting the original hearing officer **no later than 130 days from the date of the arrest**, and prior to the expiration of the temporary license. In the absence of such a request, petitioner waives his/her right to a hearing and the Department will issue the previously stayed order of suspension or revocation.
